We are pleased to provide the additional service of yard waste disposal to our residential permitted users. It is our goal to establish a clean, organized composting operation. Please assist us and review the acceptable and unacceptable material below and understand that if your load is not properly prepared, then it will be rejected.

All yard waste users must possess a Transfer Station Sticker and obtain an additional (annual/seasonal) voucher for \$5.00. Your voucher will allow unlimited number of disposals of loads of leaves and grass clippings; however, each load must be inspected by personnel prior to preceding to the yard waste area. Brush may be disposed at of a fee of \$10.00 per cubic yard.

Yard waste activity will be seasonal and we are anticipating accepting materials April through November, weather permitting. Additionally, restrictions may be imposed during wet weather conditions.
